1. A-1 TELESCOPIC ASPHALT LUTE:

Levelutes are tough, will not warp, will not splinter, crack or break in working service!

Standard Levelute Modules: Working Length 6' – 11'

- **Complete - \$98.95**
- **36" Replacement Blade - \$29.95**
- **Braces / Set - \$18.90**
- **Nuts / Bolts (Pack) - \$3.95**

TOWN ONE
TOP LUTE

2. A-2 TOP LUTE:

A wood handle with aluminum blade. The blade is aluminum, 30" wide with two plain edges. The handle is 66" long, hardwood with square grip area, and the wood handle lute parts are interchangeable with some other wood handle lutes produced by other manufacturers.

Part No. - PW-66-30

Description - 66" handle, 30" blade, two plain edges

Weight - 4 1/2 lbs.

- **Complete - \$58.00**
- **30" Replacement Blade - \$19.95**
- **Aluminum Socket - \$17.95**

3. A-3 MILLER SPREADER LUTE:

All aluminum asphalt lute. Size: 1-5/32" diameter handle x 82" long with 36" serrated blade. 2 per box.

- **2 / Box**
- **Cost - \$85.00**
- **36" Replacement blade - \$36.50**

4. A-4 GOLIATH LUTE:

The strongest and most durable lute of all. Dual & convertible gusset and wrap-around bracing system. Bolted-through "bracing to handle" and "handle to head" connection points. When used as a tamp, the Goliath will endure the punishment!

Size: 36" Head width – 1-3/8" diameter, 82" handle length.

- **Item No. PN-56437 - \$88.50**

5. A-5 SURFA SLICK LUTES:

This dual purpose lute, rake bar and pole are made of magnesium, which has the strength and spring of steel but is one-third lighter than aluminum. Magnesium's abrasion resistance and high heat conductivity add to Surfa Slick's reputation for ruggedness and long life.

The strong T-Beam Lute is available in two ways—plain on both sides or serrated on one side with teeth that have slightly blunted points and rounded notches to permit material to pass through without jamming. To assemble or replace lute blades, only two bolts need to be inserted in the high strength special alloy lute bar holder, and the lute is ready for working.

The modern design of this tool makes it easy to work and easy to clean.

- 366 LS – 6' Pole, 36" Blade: \$79.50
- 367 LS – 7' Pole, 36" Blade: \$82.95
- 369 LS – 9' Pole, 36" Blade: \$94.60
- 369 FLS – 9' Pole, 36" Fiberglass – \$108.00
- 7' 10" with 36" Blade: \$94.60
- 6' Pole Only – \$41.50
- 7' Pole Only – \$44.50
- 9' Pole Only – \$53.95
- 30" Replacement Blade – \$25.50
- 36" Replacement Blade – \$26.50
- 42" Replacement Blade – \$28.50
- 1 1/4" Tee – \$23.85
- 1 1/2" Tee – \$23.85

LOWER PRICE!

1. A-6 FORGED ASPHALT/TAR RAKE:

Best for spreading and leveling asphalt and tar, this one-pieced forged head is the strongest available. 60" premium northern white ash handle.

- Item No. RR60 - \$75.00

LOWER PRICE!

2. A-7 FORGED ROAD/STONE RAKE:

Best for spreading and leveling gravel, this one-pieced forged head is the strongest available. 66" premium ash handle.

- Item No. SR66AH - \$75.00

3. A-8 CONTRACTOR-DUTY SOLID BACK SCRAPER:

Solid-back, heavy-duty 8 1/2" x 6" industrial-gauge one-piece forged blade. 48" lacquered premium ash handle.

- Item No. FSB48 - \$36.50

4. SCOOPS:

- #2 Scoop w/ 48" Handle – \$51.50
- #2 Scoop Razor-Back Item No. 50139 w/ 27" Handle – \$56.50
- #2 Scoop w/ 30" Handle – \$56.50
- Item No. 79809 – Razor-Back General Purpose Shovel – \$41.50

5. A-10 ASPHALT GLOVES [3512]:

Orange & PVC coated. Foam insulated. Rough grip.

- Model #3512 Regular Asphalt Gloves – \$11.95 / pair

6. A-11 SCREEDS: Made of the finest magnesium available. These screeds are built for strength and rigidity but are lightweight enough for those big jobs. Ends are capped to prevent concrete from building up inside. Use only for hand screeding. Not to be used with power screeds. Custom sizes available.

- 1" x 4" x 10' - \$210.00
- 1" x 4" x 12' - \$235.00
- 1" x 4" x 14' - \$265.00
- 2" x 4" x 12' - \$295.00
- 2" x 4" x 14' - \$325.00
- 2" x 4" x 16' - \$385.00

BEST SELLER

7. A-12 ASPHALT HIGHWAY PAVING STRAIGHTEDGE CHECKING TOOL:

- 8' - \$195.00
- 10' - \$225.00
- 12' - \$240.00
- Add \$35 for inserted level

BEST SELLER

8. A-13 M-D SMART LEVEL:

Electronic level to check grade.

- 48"
- 24" available
- Cost - \$185.00

9. A-14 STABILA LEVEL: Modes: degree, percent; inches in decimal, fractions and mm/m. 2 displays light up. Dust and waterproof. Classification: (IP65). Simple water and brush clean-up. Correct read upside down. Shock-absorbing endcaps; removable to carry lines tight into corners.

- 24" available
- 48" (comes with carrying case) – \$298.00

1. A-15 ASPHALT DEPTH GAUGE:

- 36"
- \$45.00

2. A-16 ASPHALT DEPTH GAUGE:

Our Asphalt Depth Gauge is a great tool for the inspector on your job. No need to step onto blacktop for testing depth of asphalt or curb height. Our Asphalt Depth Gauge is lubricated and will not pull on asphalt or leave a large hole that the roller will not close. Lube oil will not contaminate asphalt and will clean probe each time it is retracted back into tool.

- **Asphalt Depth Gauge : \$215.00**

3. JET 4C BURNER:

NEW ITEM!

- 1,000,000 BTU
- Squeeze valve
- P.O.L. fitting
- 25' Hose
- \$325.00

4. FLAME KING HANDBURNER:

- 500,000 BTU
- Easy Grip Handle
- 10' Hose
- \$120.00

NEW ITEM!

5. A-19 JOINT PAPER:

Prices prevail at the time of order: —

36" - 40# / 36" - 50# / 30" - 50#

- **Please call for pricing.**

6. A-20 POUR POTS:

Machine drip-tight control, holds 2 gallons, fingertip control on valve. Squeeze to open, release to close. Low profile for easy filling. All steel construction allows pot to stand in upright position. Most popular crack filling pot for many, many years

- **A-8 Pour Pot - \$115.00**
- **#11 Sheet Pourer - 4 1/2 gallon capacity : \$275.00**

7. A-21 INFRARED THERMOMETER:

This precision point-and-shoot, gun-style infrared thermometer accurately and easily measures surface temperatures including hot, cold or inaccessible equipment from a safe distance. It features a handy front-panel °F/°C selection switch and comes with a carrying case and a user's manual.

- **Call for pricing.**

8. S-3 ASPHALT SHOES:

Fit snug over footwear. Available in felt and wood shoes.

- **Felt Asphalt Shoes — \$99.50 / pair**

STRINGLINE

ASPHALT ITEMS

1. S-1 POLY 2000:

Polypropylene, 3 # boxes — 12 boxes / case, 2,000' / pound — 6,000' / box, 50 # tensil strength.

- **Box — Pink — \$15.00 — 12/case**
- **Box — Orange 6000' — \$15.00/ea — 12/case**

2. S-2 POLY 1050:

Polypropylene, 10 # Boxes — 4 Boxes / Case, 1,050' / Pound — 10,500' / Box, 200 # tensil strength.

- **One Box — \$42.50**
- **Call for quantity discounts.**

3. S-3 COTTON TWINE:

8 Ply, 2.5 # Cones, 20 Cones / Case, 4,320' / Cone

- **12 Ply Available.**
- **One Twine Cone — \$16.50**

4. 12 PLY S-4 PAVER SENSOR CORD:

For use with paver electronics. 1/8" x 1,000' poly. Yellow in color. 20 cones / case.

- **One Sensor Cord Roll — \$44.50**

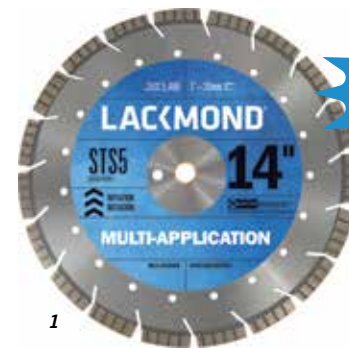

BEST SELLER

1. D-1 STS-5 SERIES - DIAMOND SAW BLADE: Castellated segmented turbo rim for aggressive and precise cuts, .575" fully impregnated raker, undercut protection segments to prevent knife-edging in abrasive materials, .350" usable diamond depth. Air-cooling core for heat dissipation. Slanted core design for maximum cutting speed. Pre & post tensioned core to eliminate loss of tension. Available in 4" - 24" Diameters. Applications include: cured concrete, green concrete, asphalt, block, stone, granite, piling, overlay, brick & block combination and more. Suitable for: hand saw, hand held high speed saw, low horsepower walk-behind and masonry saws. — PREMIUM SERIES!

- *Economy blades available.*
- *We can find your blade for less money.*
- *Please specify size for price.*

LACKMOND

MULTI-PURPOSE

1

ASPHALT

LACKMOND

2

2. D-2 ECONOMY SERIES: HA-SPL series blades provide both value and performance in abrasive situations. The U-channel gullets help remove debris and aid in blade cooling - a feature essential when cutting highly abrasive materials such as asphalt and block. The 10mm segment height and laser welds allow this blade to perform in both hand held and walk behind applications. This series has also become a popular option for use with light weight block, providing extended life versus competitive product at the same price point.

- *Please specify quantity for quote.*

ASPHALT

3

3. D-3 DIAMOND CORE BITS: These professional grade core bits are made to exact specifications for a variety of drilling jobs. They are designed to tackle a broad range of applications from concrete to asphalt. TDT's diamond core bits are designed for use in: Concrete, masonry, stone & asphalt applications.

- *Please Specify Size for Quotation.*

ASPHALT CUTTERS

7-A

7-B

7-C

7-D

7. A-26 ASPHALT CUTTERS: The strongest cutters available - no other manufacturer even comes close. Our competitors use automotive hubs. These hubs and bolts literally wear off. Attachments International's axle and hub is the strongest ever designed.

A: 140 Bucket Mount — Medium duty designed for tractor / loader / backhoe and small loaders

B: 185 Bucket Mount — Our most popular for TBL's. Heavy duty, designed to fit loaders up to 3 cubic yards and excavators up to 1 cubic yard. Chromium blade optional.

C: 160 Moldboard — Designed for severe service with motorgraders. Dismounts in less than 1 minute, can be loader mounted. Pivots behind moldboard.

D: Scarifier Mount — Uses existing scarifier. Quick couples in minutes. Replaces ripper shanks.

- *Please call for pricing.*

1 - Smoothing Iron

1 - Tamping Iron

1. A-23 ASPHALT TAMPING/SMOOTHING IRON:

Tamping Iron: Weight: 24 lbs. Handle 4 ft long.

Smoothing Iron: Weight Approx. 50 lbs. Handle 5 ft long.

• **Tamping Iron – \$165.00**

• **Smoothing Iron – \$280.00**

2

2. A-25 RUBBER TARP / ASPHALT HOSE

• **Please call for pricing.**

3

3. A-26 FLEXIBLE METAL HOSE:

For truck unloading. Furnish length, size and type fittings.

BROOMS & BROOM REFILLS

1. CB-1 FLAT OR CONVOLUTED WAFERS: Installing our quality-built wafers provide long lasting durability resulting in more time between change-overs. A full set is easily installed by one person. Available in flat or spacerless convoluted. We offer poly for normal sweeping, wire for heavy sweeping and combo for medium sweeping.

Poly – for normal sweeping. Constructed of virgin polypropylene material. Strict quality control standards assure uniform balance in every section for even sweeping.

Wire – for heavy sweeping. Spring tempered crimped steel wire. Proven as the industry leader through years of experience. The heavy-gauge steel bristles in each wafer meet the demands of caked mud, stone and heavy debris.

Combo – for medium sweeping. Combination of wire and poly wafers. Customized to your specifications for any medium-duty sweeping, any time of year

Convoluted – spacerless wafer available in poly and wire filaments. With the spacer eliminated, your brush assembles easier and quicker to minimize costly downtime. Each convoluted section creates a sweeping action to the right and left to utilize the natural flicking characteristics of the bristles. Each section is only 5/8" wide but sweeps a 3" path. Your brushes wear longer without streaking.

- **Laymor 6 3/8 x 24**
- **Bobcat 6 3/8 x 21 3/8**
- **Caterpillar sizes are available**
- **Broce & Superior 10 x 32**

ENGINEERING SUPPLIES

MEASURING WHEELS

1. M-1 400 SERIES: When a tough, all-purpose measuring wheel is needed, nothing fills the order like the Rolatape 400 Series. Its 4-foot circumference handles the toughest measuring needs for heavy construction, large commercial operations, utility companies, land surveying and other critical measuring applications. When measuring demands are tough, the 400 Series gets the job done.

400 Series Applications: Construction, utilities, cable, telecommunications & land Surveying.

400 Series Features: All steel construction, 5-digit counter, 4-foot circumference wheel, wheel stand & wheel brake.

400 Series Benefits: Heavy-duty strength and durability, records up to 100,000 feet or meters with convenient rest knob (dual counters available), Easier to measure accurately on rough terrain, keeps wheel upright when not in use, transport to second site without losing existing measurements.

- 400 or 415 Series – \$133.95
- Add Clicker / Counter Package – \$56.50 each

2. M-2 RR318N: Best seller! 5-digit, easy-read, magnified counter measures 9,999 feet, 11 inches (or 9/10ths of a foot with engineers' models, or meters and decimeters) without resetting. That's almost two miles! Heavy-duty, ABS wheel with improved, clean three-spoke design. Curved, telescoping handle adjusts to comfort level. Units: ft, in. Diameter: 12 1/2 in. Circumference: 3 ft.

• **RR318N** — \$88.50

3 - Display

4. M-4 MP401E ELECTRONIC MEASURING WHEEL:

The MP401E is the only electronic wheel with a steel frame. It is the world's sturdiest electronic measuring wheel, and we think it's the easiest and the most comfortable to use. We are confident that it will stand up to the harshest field conditions. Great for contractors, estimators, engineers, landscapers, paving contractors, fencing specialists, real estate pros, utility personnel, surveyors, police work, facility engineers, and telecommunications contractors. Comes with a swan-neck, ergonomic handle; our patent-pending thumb-up grip ensures less wrist strain and superior control. Our huge digital counter is in the most protected spot on the wheel. With the handle up, it is nearly impossible for the counter to come into contact with the ground. With the handle down, the roll bar offers solid protection. Innovative, simple center-line design, great balance. Rugged 3/4" steel tubing – strongest frame in the field. Compact fold-down – easily reduces to 1/2 its size for storage and portability. Storage is a snap. Specs: Backlight LCD display for low-light usage, Auto Shut-off extends battery life, Display: LCD segment; 7 digits; up to 99,999.9 ft. 11 in. or 99,999.9 in tenths and metric, Number size: 1/2 inch, Warranty: 2 year limited, Product Weight: 7 lbs. (3.17 kg), Length: Extended: 42 in. (106.7 cm); Storage: 21 in. (53.4 cm), Accuracy: 2 inches in 100 feet, 99.8%, Wheel: 4ft. (1.22 m) circ.; 15 1/2 in. (31.75 cm) dia., Frame material: 3/4 in. steel tubing, Collapsing method: 1 fail-safe barrel clamp.

• **MP401E** — \$205.00

3. M-3 RRT12: Enhanced grip pistol-type handle increases control and comfort. Re-set on the handle and on the unit housing –no more bending over, lifting the wheel or stepping on it to reset to zero. Additionally, the re-set on the housing is reinforced to protect it when re-setting the counter with your foot. Brake on pistol grip – stop counting instantly. Stop adding lengths accidentally by putting the brake on exactly when you need it. Collapsing hinge –snaps into extended lock with the flick of the wrist and it disconnects if you forget to press the unlock trigger. Center-line handle design with counter on top of wheel –center of gravity aligned for perfect balance. This makes measuring easier and more accurate. The raised counter makes reading it easier. Compact fold-down – easily reduces to 1/2 its size for storage and portability. Storage is a snap. Flip-down kickstand (3 foot size) – keeps the wheel upright when you need your hands free to perform other tasks and stays out of the way as you measure. Gear & shaft transmission for highest measurement accuracy and strength. No belts to stretch or fail. Handle lock –lock your handle in place when you're not using the wheel. Our clamp protects the extension hinge from breaking.

• **RRT12** - \$96.50

5

5. M-5 MP401: Innovative, simple center-line design, great balance. Rugged 3/4 steel tubing, strongest frame in the field. Time-tested and proven counters; huge numbers. Only two moving parts (rest and ticker). Superior counter protection and placement. 5-digit counter, up to 99,999 feet. Compact fold-down, easily reduces to 1/2 its size for storage and portability.

• **MP401** — \$147.50

1. E-1 STAKE CHASERS: Our most famous and widely used product. Our 6-inch Stake Chaser® brand marking Whiskers® are trusted for their durability and flexibility. Designed to provide maximum visibility and withstand multiple passes of a grader blade, our first product is perfect for road construction. Over the years, however, these safe easy-to-spot Whiskers have also become a prime choice for marking buried utility lines, survey points, and even athletic fields. *6" Stake Chasers can be easily hammered into a wooden stake or quickly fit onto a 60 penny (60d) nail, and are available in 9 highly visible colors.*

Permit Faster Grader Operation: Since the STAKE CHASER is always visible, the grader operator doesn't have to wait on the Stake runner to point out the blue top stake. Quantity is 1 M / box and colors are Blue, Red, Orange, White, Green and Pink.

• **Stake Chaser – \$125.00 / Box (1,000 in a box)**

3. E-3 SURVEYORS FLAGGING TAPE:

Easily identifies trees, stakes, boundaries, dangerous areas, etc. 12 rolls per box. Colors: red, orange, pink, blue, yellow.

• **Flagging Tape – \$2.50 / roll**

4. E-4 M-D SMART LEVEL:

Electronic level to check grade.

• **Cost – \$185.00**

5. A-14 STABILA LEVEL: Modes: degree, percent; inches in decimal, fractions and mm/m. 2 displays light up. Dust and waterproof. Classification: (IP65). Simple water and brush clean-up. Correct read upside down. Shock-absorbing endcaps; removable to carry lines tight into corners.

- **24" available**
- **48" (comes with carrying case) – \$298.00**

6. E-6 MEASURING TAPES:

Open type reel. Award winning shovel handle design is ideal for rapid reeling and unreeling. Graduated in feet, 10ths, 100ths.

- **50' – \$28.50**
- **100' – \$39.50**
- **200' – \$85.00**
- **300' – \$98.50**

7. E-7 METAL CASE:

Designed to withstand more wear and tear than any other kind of measuring tape!

- **50' – \$26.50**
- **100' – \$35.00**
- **165' – \$54.00**

8. E-8 POCKET TAPE:

Fantastic tapes at a reasonable price. Blade width standard 1 inch. Nylon-coated, no-glare blade. 10 / pack.

- **PG2510 - 25' – \$20.95**
- **PG1835 - 35' – \$34.50**

9. E-5 FOLDING RULES:

First choice of engineers and other professional craftsmen. Boxwood finish. Wood sections are 25% thicker than regular wood rules. Bold red and black markings on white background. 10 / box.

- **WR1018 – \$19.95 / ea**
- **Must order by the box**

10. KESON BOX BEAM LEVELS:

- 48" PNLKB48
- 78" PNLKB78
- Keson Screeding Level 118" PNLKS118

11. E-11 LUMBER CRAYONS: Ideal for warmer climates, and for marking on dry and wet wood, paper, cartons, stone, concrete, tiles, and plastic. Weather and wear resistant.

- 12/Box – 12 Boxes/Case

12. E-12 CHALK: There is a delicate balance that needs to be maintained with higher grade chalk: you need enough pigment to slap down a line that's not going anywhere and enough carrier to keep the chalk flowing. ProChalk Plus is formulated to achieve a perfect, lasting line every time.

- Professional grade marking chalk.
- 8-10 strikes usual line yield.
- Brilliant weather-proof color.
- Water-resistant lines hold your mark.
- Great flow for easy reel fill-up.
- Please call for Pricing.

PLASTICADE®

6. TC-6 PLASTIC SAFETY

DRUM: Bases available – 3lb plastic, 25lb rubber and rubber tire ring.

- Please call & specify sheeting & base requirement for quotation.

7. TC-7 SLIMLINE CHANNELIZER:

These durable and highly visible channelizers come with or without reflective sheeting. A tapered, fracture-resistant handle provides for added strength, easy pickup and the mounting of lights, signs and other accessories. The vertical sheeting surface has a five-tier, telescopic design, which promotes ease of stacking. Anti-rotation ribs at the bottom make for a stable, secure attachment to the base. A rugged, recycled rubber base provides stability and support with designed-in features to enhance skid resistance, stacking and handling. Features a 16# or 30# base.

- Please call and specify sheeting requirements and quantity for pricing quotation.

8. TC-8 LOOPER TUBE: The 42" tube with Looped handle provides more handling versatility and job flexibility. Recessed areas on stem protect reflective bands, minimizing rips and scratches. The stem is made of durable bright orange high-density polyethylene material with UV inhibitors to minimize fading. Extra large flange at bottom of stem allows the rubber base to hold it firmly in place.

- Please call for quantity discounts – minimum order of 10.
- 42" plain
- 42" with 2 Reflective Collars
- Minimum order 10
- Call for pricing

9. TC-9 GRABBER TUBE: The stem of the Grabber Tube is made of flexible yet durable fluorescent low density polyethylene material, with UV inhibitors to minimize fading. The recessed areas on the stem protect the reflective bands, minimizing rips and scratches. The extra large flange at bottom of stem allows the 12 lb. rubber base to hold it firmly in place. With the convenient Grabber Tube handle, you can easily and quickly tie or wrap caution tape from one tube to the next. The innovative handle design enables you to easily move, set, drag or lift the Grabber Tube.

- Minimum order 10
- Please call for quantity discounts – minimum order of 10
- 28" plain
- 28" with Reflective bands
- 42" plain

9. TC-9 TRAFFIC CONE BARS:

- Yellow/Black - 4' Long, Telescoping to 6 1/2'
- Orange/White - 5 1/2' Long, Telescoping to 10 1/2'
- \$18.95

1. TC-13 SLOW/STOP FLAGMAN PADDLES:

A. .063 Aluminum w/ 72" Wooden Staff

- 18" BE — \$55.00
- 18" Reflective — \$69.50
- 24" BE — \$65.00
- 24" Reflective — \$79.50

B. ABS Plastic w/ 2 Piece 81" Handle

- 18" BE — \$69.50
- 18" Reflective — \$89.50
- 24" BE — \$85.00
- 24" Reflective — \$105.00

2. TC-14 ROLL-UP STOP/SLOW PADDLES:

Complies with MUTCD standards. Roll-Up design provides small storage space and protects sign faces. Offered in 18" and 24" octagon. Available in non-reflective, Superbright™ and Diamond Grade™. Comes with 3-piece plastic staff and heavy duty storage bag. Stored size: 3" x 8" x 38"

- NR183: 18" Non-Reflective — \$68.50
- NR243: 24" Non-Reflective — \$79.50
- SB183: 18" Superbright™ — \$96.95
- SB243: 24" Superbright™ — \$125.00
- DG183: 18" Diamond Grade™ — \$120.00
- DG243: 24" Diamond Grade™ — \$145.00

3. TC-15 TELESCOPING SP/SL PADDLE: Model

Number SSP-IT. Telescoping fiberglass handle is 55" collapsed and 93" fully extended providing an overall height with sign of 9' 6-1/2". The bright red STOP and vivid orange SLOW graphics supply high visibility. Tough lightweight thermoplastic construction makes the sign easy to use all day. Meets all federal requirements. Hi-intensity & diamond grade available.

- SSP-IT: 24" Telescoping Paddle — \$125.00 each

4. EASTERN METAL/USA SIGN LED PADDLES:

- Visual Alert flashing LED's provide earlier more effective alert than paddles without LED/s
- 3 m Hi-Intensity sheeting
- 18" and 24" available with 72" or 84" staff
- All paddles have manual ON/OFF. 18" paddles also turn on or off when raised or lowered.
- 18" requires c-cell batteries; 24" requires 4 c-cell batteries.
- 18" with 72" staff
- 24" with 72" staff

5. LED HANDHELD SIGNS

- 18" — \$245.00
- 24" — \$315.00
- 79" Orange Pole for Paddles

6. TC-18 FLUORESCENT FLAGS: Glo-Flags. Vinyl coated nylon, 7.5 ounces per sq. yd., 185 lbs. warp / 175 lbs. fill.

- 18" x 18" — \$3.95 each
- 24" x 24" — \$4.85 each

7. TC-19 MESH FLAGS:

These bound Mesh Flags are made of fluorescent knitted vinyl mesh material. Recommended to be used on fast moving vehicles. These flags will overcome the objections from "whipping", such as cracking, peeling or fraying. NM material is also available for mesh flags.

- 18" x 18" — \$4.25
- 24" x 24" — \$5.15

8. TC-21 36" X 36" AIRPORT FLAG: Immediate recognition. Heavy-duty flag is sized to the specifications required by airports for their support vehicles. High-visibility orange / white squares differentiate this flag from standard orange or red warning flags.

- Airport Flag — \$40.00 each
- Add \$11.95 for 6' Staff

1. TOMS [TEMPORARY OVERLAY MARKERS]:

Flexible road markers (TOMs) are easy to install and remove, saving you time, money and lives. In an era of tight budgets, TOMs provide an opportunity for enormous cost savings. TOMs can be installed in just seconds by one worker with no equipment, eliminating the need to schedule costly temporary striping. TOMs come in standard colors of yellow and white. The TOM is used primarily for lane delineation in temporary work zones that involve asphalt paving projects.

- Please call for pricing.

2. TRPM PAVEMENT CHIP SEAL MARKERS:

TRPMs come in standard colors of yellow and white, with additional colors by special order. TRPMs come standard with at least one clear plastic cover or "cap" which projects the upper marker body and reflective sheeting from sprayed asphalts or slurry products.

- Please call for pricing.

3. PT-1 TEMPORARY PAVEMENT TAPE:

Four versatile grades of temporary pavement marking tape draw the line for traffic control in work zones. Each incorporates high-index glass bead technology for maximum brilliance and reflectivity and foil-backed construction to withstand weather and road conditions. All tapes are available in Traffic Yellow or White. Non-standard widths and lengths are available.

- 4" x 100 yards – \$82.50 / roll
 - 6" x 50 yards – \$72.50 / roll
 - 2 Rolls / Box, Discounts Apply
 - 5' x 50 Yard Roll Available
- Please Call for Pricing

1

1. FL-2 D-CELL LIGHT: Combined LED light source and 3 volt photocell circuit technology with popular "D" Cell battery (not included). Meets May 2001 ITE Purchase Specification. Extra light intensity achieved by computer designed high clarity polycarbonate lens. Changes from flashing type "A" to steady burn type "C" and back again with a simple push on the easy to locate mode switch. Three modes: Flash / Steady / Off. Hardware: 10 - 3 1/2" bolts, 2 on-off keys, and 1 wrench. Colors of yellow, blue, black, green and orange bodies available.

• **AC4D** – \$20.95

2

2. FL-3 TYPE B LED: LED Light 212. Provides a greater brightness than standard barricade lights. Batteries will last approximately 24 days as tested with 2 Rayovac* HD batteries – 6V. Uses an LED hi-intensity ("B") light circuit. It uses only 20% of the current of what a regular 957 incandescent bulb uses. Exceeds ITE purchase specifications for Type "A" warning lights. Tested and exceeds Type "B" specifications. State of Alabama approved #212.

• **FL-2 Type B LED** – \$90.00
• **Quantity Discounts Apply**

3

3. FL-b SP ECONOMY SOLAR BARRICADE LAMPS: Solar Module 0.3 w/ Mono Crystalline Panel. Battery - 1.2 V/1800 mAh Ni-MH Battery. Battery Life - 500 Times Recharging Cycles. Operation Current 60 mA. Battery included.

• **\$42.50/ea**

1. SS-1 ECONO T55 TRIPOD STAND: The T55 tripod is an all-purpose three legged economy sign stand designed to hold 36" and 48" roll-up and rigid signs. Powder coated steel construction and ease of use makes the T55 a smart choice for low to medium conditions. Meets MUTCD specifications, NCHRP-350 compliant. Compact storage, economical and easy to use. Holds 36" and 48" roll-up and rigid signs. Powder coated, all steel construction.

• **T55 – \$46.50**

2. PUSH IN THE GROUND SIGN STAND:

- Designed to be inserted into the ground providing a solid, economical solution for displaying 36" and 48" roll-up signs.
- Constructed of heavy duty galvanized steel bar angle.
- Dual steel spring clips that hold signs securely.
- Cross piece at the ground level for stability and for pushing the stand into the ground by foot.
- **P106 – \$41.50**

3. UF 2000W SIGN STAND:

- **MUTCD and NCHRP compliant**
- **Single heavy duty spring provides stability in gusty winds**
- **Offers 3 position locking legs for stability on uneven terrain**
- **Displays Roll Up Signs 12" off the ground.**
- **UF2000W Screw Lock – \$150.00**

4. SS-4 TF12 SIGN STAND: Displays both 36" and 48" roll-up signs. Features two vertical steel coil springs for maximum strength in windy conditions. Patented leg kick-release with two position height adjustments allows for quick set-up and tear-down. Standard aluminum leg length of 30" telescopes to 51". Open footprint with legs extended: 54" x 92". Supplied with choice of two style panel holders, Screwlock or channel. Compact storage dimensions: 7" x 7" x 30".

• **TF12W: Screwlock™ Sign holder – \$185.00**

5. SS-5 TF18 SIGN STAND: Triple flagholder for 3/4" round flag staff. Quickly locks legs into one of three positions for easy use on uneven terrain, or easy storage. Features a two-stage telescopic mast to allow roll-up sign display of 14"- 84" off the ground, MUTCD and NCHRP-350 compliant.

• **TF18 – \$205.00**

6. SS-6 DSB100 STACKER SIGN STAND: The DSB100 Stacker™ sign stand displays both 36" and 48" roll-up signs. Made of rubber from recycled tires, the Stacker™ features a small foot print, compact storage, and several different models from which to choose. Meets MUTCD specifications, NCHRP-350 compliant. Low profile rubber base design is ideal for limited storage or display areas. Two molded handles allows for easy transport. DSB100 features a latch style pocket sign holder for standard roll-up signs while the DSB100-W comes with the Screwlock™ universal roll-up sign holder.

• **DSB100 – \$99.50**

AVAILABLE LEGENDS ROLL-UP SIGNS: Legends marked with a **a** are 36" and 48" signs complete with fiberglass rib sets that are kept in stock for immediate shipping in reflective Super Bright™ and non-reflective (solid and mesh) materials. Legends in **bold pink** are typically used for emergency traffic control situations. Sign legends may be printed on any reflective or non-reflective material and custom legends are available for an additional temporary screen fee. Most legends may be equipped with velcro strips to allow overlays to be utilized.

For Roll-Up Signs

• 30" x 30" — \$12.95

• 36" x 36" — \$14.95

• 48" x 48" — \$17.95

1 - RIBS
(Mounting Brackets)

1 sign mesh material

2. RUS-2 ROLL-UP SIGNS -

VINYL: Non-reflective. Durable, bright and do not fade like mesh. Easy to clean. Carrying case available.

- Non-reflective
- Durable
- Hi Visibility
- Does not fade (like mesh)
- Easy to clean
- Carrying case is available

• 36x36 with Ribs — \$59.50

• 48x48 with Ribs — \$65.00

3. RUS-3 REFLECTIVE ROLL-UP SIGNS:

Reflective vinyl construction signs are lightweight, compact, rugged and can be used during the day or night. Superior protection is provided by these temporary signs with the highest reflectivity available. Approaching vehicles see the international orange standard color by day, the bright reflective yellow by night. Available in 30" x 30", 36" x 36", and 48" x 48" standard sizes. Practical, economical and extremely cost effective. Easily rolls up and stores in fabric bag (not included). All standard MUTCD legends and overlays available. Tough, durable, long-lasting and easy to clean. For night / daytime use. RIBS included. Storage case available.

• 30" x 30" w/ RIBS - \$89.50

• 36" x 36" w/ RIBS - \$114.50

• 48" x 48" w/ RIBS - \$159.50

1. SPEED BREAKERS:

RK-10

- Each segment is 10"W x 24"L x 2 "H
- Designed to reduce speeds to under 10mph

RK-18

- Each segment is 18"W x 24"L x 2 ¼"H
- Designed to reduce speeds to under 15mph

RK-36

- Each segment is 36"W x 24"L x 2½"H
- Designed to reduce speeds to under 20mph

RK-18s and RK-36s are available with molded-in reflectors when greater night time visibility is needed.

3 - Plastic Planks

1. B-1 PLASTIC BARRICADES:

Contractor, meets MUTCD specifications. Reflective panels are replaceable. Recessed slot, for mounting barricade light, ensures light remains attached when barricade is impacted

- **Plastic Barricades — ENG or HIP**
- **8x24, 12x24**
- **Please call for pricing.**

polycomb panel

4

4. B-4 T3B PLASTIC TYPE III BARRICADE SYSTEM:

T3B barricade products from JMW, Inc. are the perfect answer to compliance with the requirements of Federal Report #NCHRP 350. Our barricade parts are lightweight, easy to use, and durable: a 6-foot Xtube upright weighs only a little over 3 pounds, and 8-foot 1x8-inch T3B polycomb panel weighs only 5 pounds. The entire upright assembly for an 8-foot Type III barricade weighs only 22 pounds! Compare that to a traditional 4 x 4 and plywood barricade weighing well over 100 pounds! The T3B takes up about half as much space in transport as a plastic drum, and sets up in just seconds.

- **Please specify sheeting and quantity for pricing quote.**

2. B-2 WAFFLE BOARD PLASTIC BARRICADE PANELS WITH METAL LEGS:

The first and finest NCHRP-350 approved steel leg and plastic panel barricades. High impact resistant, unique “waffle” pattern optimizes board strength and rigidity.

- **Please call for pricing.**

5

5. B-5 BARRICADE STRIPING TAPE:

Highly reflective Engineer Grade striping tape helps bring your barricades up to code. When affixed to safety barricades, tape helps to cordon off work sites and other prohibited areas. Pressure-sensitive backing allows for quick, easy application. Two sizes and two directions.

- **Red/White Sheeting Available.**
- **6" x 50 yards EG — \$125.00**
- **6" x 50 yards HI — \$215.00**
- **8" x 50 yards EG — \$165.00**
- **8" x 50 yards HI — \$265.00/Roll**

3. B-3 PLASTIC A-FRAMES AND PLANKS:

Plastic A-Frame Barricade System to make TYPE I, II, or III Barricade. Has heavy duty molded polyethylene A-frame legs with molded in light-holders and openings for two different placements of blades. Optional bottom A-leg adaptor allows for use of sandbags (not included). Two extension arms allow for placement of a third blade (not shown).

- **Please call for pricing.**

Plastic Planks: Available in 6', 8' and 10'. Planks sheeted 2-sides w/ Eng. grade sheeting.

- **Hi-Intensity Available.**
- **Plastic Planks — Please call for pricing.**

6. ALDOT TYPE 3 BARRICADE:

- **10"x8' Panels**
- **Please specify quantity for pricing.**

**STAR
WARNING
SYSTEMS**

1. 9100 LED LIGHTBAR: Star Contour® is extremely low profile, made to "contour fit" to the roof of your vehicle. Super bright M-Tech Plus® LED technology. Provides a superior warning light image. Injection molded polycarbonate base is combined with two rubber coated vacuum magnets to "custom mount to your vehicle" (vacuum magnet model). Permanent mount - 20 customer selectable flash patterns via external pattern select wire, S-Link System™ synchronizing capabilities with up to six other Star LED units. Magnet and Vacuum magnet mount - 20 customer selectable flash patterns, 12" cig. plug with lighted on/off and pattern select switch.

- **Per Unit – \$275.00**
- **Vacuum Magnet Mount – \$315.00**

2. SYDF SERIES MINI LED:

- 14" l x 8" w x 2" h
- 12-24 v
- 24 LEDs
- Amber or Amber/Clear
- Dot color
- Per mount - \$235.00, vacuum magnet mount - \$275.00

3. SYLEDX SERIES MINI LED:

- 16.6" l x 10.9" w x 2.55" h
- 12 v
- 40 LEDs
- Amber or Amber/Clear, Amber/Blue
- Dot colors
- Per mount - \$295.00, magnet mount - \$345.00
